

2018 CHlditarod Team Registration Meeting Handout

Thank you for joining CHlditarod XIII, you look great today.

CHlditarod Core Philosophy

The primary mission of the CHlditarod is to harness the love and energy of Chicagoans to forge positive relationships and social good across our communities. The annual CHlditarod race aims to accomplish this goal by fostering a culture of mutual care and creative community engagement.

Flagrant violation of these core philosophies will result in exclusion from the event; violations include, but are not limited to, disrespecting others or the property of others, displaying inappropriate racial or cultural stereotypes, participating in or promoting hate speech, enacting sabotage that borders on assault, and wasting food for sabotage or other ill-conceived purposes. Such behaviors bring harm to members of our community and are therefore harmful to all of us.

Pursuant to this Core Philosophy: Chlditarod does not allow any form of impersonation of another culture or race. The changing of one's skin tone to look like another human is absolutely not allowed. Impersonating a green witch, alien, or grizzly bear (you get the idea now) are acceptable forms of face paint. Don't be a jerk, be a smart, mindful human being!

General do's and don'ts

- Take care of each other if someone needs help.
- Be good neighbors -- Chlditarod's permit with the city depends on it.
 - Do not stash your cart, we will find it. You will lose your deposit.
 - Do not leave garbage on the streets. Use a garbage can.
- Aside from the starting line, Chlditarod is a pedestrian race. Use the sidewalks!
- All 5 racers **MUST** stay with the cart whenever you are not at a checkpoint.
- **LEAVE NO TRACE!** Littering is for douches. Picking up trash is hot & sexy.
- Bike Marshals herd you away from danger zones. Listen to them as you would a checkpoint, please.
- Bike Marshals & Checkpoint Leads can and will **DQ** your entire team for not following rules!
 - No public urination. Period. You're not an actual dog. Use the Checkpoint's bathroom.
 - No public drinking, especially right outside a Checkpoint. This is bad. Cops can and will pull you over and search your cart if they see you drinking in public. **You can go to jail.**
 - Zero tolerance for physical violence, destruction of property, theft from carts or persons.
 - Be a douchebag to a volunteer = you will be DQ'd
- You must have a space on the front of your cart for a racer bib.
- **THEFT IS NOT ALLOWED AND NOT TOLERATED. DO NOT GO INTO CARTS AND TAKE STUFF. YOU ARE A BAD HUMAN IF YOU DO.**

Checkpoints - dos and don'ts

- Check in with the volunteers at each Checkpoint. Follow their instructions, play to win the contests!
- Check In volunteers are not there to have fun, sorry, they have a stressful job, cut them some slack.
- **When arriving at the checkpoint, you must present 4 members & your cart to the marked Cart Wrangler (Orange/Green Vest), to obtain a token. This token will allow you to check into your checkpoint.**
- Bring the token and your race card to the check in person inside to officially check in.
- To checkout, you must have 3 team members present to receive your race card back.
- You must hit the checkpoints **in the order they are on your race card & map** & Don't skip any!
- You must stay at the checkpoint for **25 minutes minimum** (or till you get your timecard back).
- **Last time to check in at any checkpoint is 4:45pm.**
- **There is no longer a prize for Dead F*cking Last.**
- Master Judges: Stationed at each checkpoint there are 2-3 judges who are watching you, closely. Strut your stuff for them.
- **Bribery is totally allowed, encouraged and very appreciated around the race. There is even an award you can win for the best bribe. Food, booze, lap dances, art, you name it, it can be used as a bribe towards the judges, check in/out people or any volunteer.**
- Merchandise can be bought at Cobra Lounge

Fundraising - <http://www.chlditarod.org/fundraising/>

- Online amounts for prize incentives cut off time is Friday March 2nd at **NOON CST.**
- Day of: Hard funds (cash or check) can still be collected and will count towards awards ceremony. We will have pre-marked envelopes to fill in team name/# - this must be handed in at finish line.

GCFD Food Drive - <http://www.chiditarod.org/food-drive/>

- Must bring a minimum of 69 lbs of food to starting line.
- Very large donations of food (shopping cart worth or more) can be dropped off at GCFD on Wednesday March 2nd before Noon. Please contact jen@chiditarod.org if you want to pre-drop off food to GCFD.
 - Ideal foods are: high in protein, no sugar or sweets, no glass. See website above for list

Sabotage- <http://www.chiditarod.org/sabotage-guidelines/>

- **There is no longer a prize for sabotage; it has been replaced with the Dick Dastardly Award.**
- The point is to continue to celebrate people who cause chaos, but to minimize cruelty and disrespect.
- **Food is not allowed to be used for sabotage.** This is a food drive! Think about it. Yeah, exactly. This includes chocolate syrup, eggs, oil, flour, honey, mayonnaise and syrups.
- Liquids – such as glue, oil, baby oil, paint, body products, baby powder, cleaning solutions, and food based liquids etc are not allowed. Be creative, not gross.
- Do not use anything that would leave a mess or MOOP (Matter Out Of Place). This is a leave no trace event.
- Don't do anything permanent. Like cutting another team's cart in half or removing cart wheels.
- **U-LOCKS are BAD and will disqualify you.** Anything that locks, needs a key or uses chains to immobilize other teams will disqualify you. Simple as that. It will be humiliating.
- DO NOT damage public property and/or the property of checkpoints. We want to come back next year.
- Teams must do their own dirty work. Only the 5 racers on each team are allowed to sabotage – no outside goombahs. Don't be a coward!

Pacing for the race

Every route has 5 bars and 6 legs of the race.

The Yard ----> bar 1

Bar 1 ----> bar 2

Bar 2 ----> bar 3

Bar 3 ----> bar 4

Bar 4 ----> bar 5

Bar 5 ----> back to the yard

You have 5 and a half hours to finish the race. (Total 330 minutes)

At each bar you will be required to stay for 25 minutes before you can check out. (Total 125 minutes)

Each leg of the race is roughly .75 miles - 1.2 miles.

On average, according to google maps, it will take you roughly 25 minutes to walk 1.2. This does not account for your awesome but heavy shopping cart.

Remember to look at your routes when you get them at The yard. Know where your first bar is. Going to the wrong bar will make finishing the race intime very hard.

While we did add extra time to the race this year, please remember that this event does has a time frame so if you lollygag at every checkpoint, you will not finish the race intime and you will be DQ'd from winning any prizes.
